RE: Newseum Project # 10362C

Dear Bill:

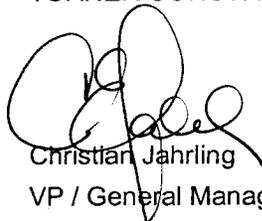

Now that the Newseum has opened, we at Turner Construction would like to take this opportunity to offer our sincere thanks for a job well done. As with most "high-profile/high-finish" projects, the road to completion was often filled with obstacles, and the day-to-day challenges were often tedious. We do sincerely appreciate your perseverance and professional dedication to quality that has made this marquee project a roaring success. The end result of your efforts, a unique building of which we can all be proud, is now the benchmark by which all the best projects in DC will be measured.

Please extend our thanks to your respective jobsite staffs. Their professionalism, attention to detail and unflagging devotion to building the best project possible, truly made for an inspirational result.

We look forward to joining with you on future projects and bringing to other owners and development teams this kind of quality, skill and dedication.

Sincerely,

TURNER CONSTRUCTION COMPANY
